

Nature Together School Teaching Position

Location: Mukilteo Community Garden/Japanese Gulch

General Duties/Description:

This is a co-teaching position working with all aspects of implementing a weekly part-day nature school. Classes have up to 12 students. Children are ages 3-5 years old in the preschool or 6-11 years old in the elementary program. Their time is spent entirely outdoors exploring the natural world. This position begins September and runs through the end of the school year (third week of June), with typical work hours of 9:15-12:15 on Monday/Wednesday/Friday. Possible substitute hours on Tuesday/Thursday.

Essential Tasks:

- Working with co-teacher in the application of age-appropriate, inquiry-based learning style for young children enrolled in the preschool.
- Modeling a healthy relationship with and curiosity for the natural world.
- Ensuring the health, safety and well being of students.
- Other related duties assigned.

Requirements:

- High school graduation or equivalent AND experience working with early learners.
- Ability to show leadership skills when working with children.
- A positive outlook for and ability to work in ALL types of weather.
- Ability to communicate clearly with other teachers, as well as children and their parents.
- First aid/CPR certified

Salary: \$18-20/hour
